VIRTUAL TUESDAYS

Zoom Class - Tuesdays @ 4:30pm

**Requires iPad/tablet as well
as access to internet**

FL Studios (\$13.99) & Adobe Premiere RUSH

AUX LAB DAYS

In-Person @ 25 Carrick Ave

**Requires online application and
transportation to our space**

Free for 6 students Ages 12-18

Have you ever wondered what it would be like to **work on your music or video** content in a real world production suite? Gain access to **professional audio** and video equipment, iPads, as well as our staff of professional sound engineers, to learn from the start or further develop your skills and get one-on-one assistance for personal projects.

Whether you are the type of creative that likes to work alone or are interested in leveling up your skills around other people just like you, our AUX Labs are the perfect place for you!

This can be an entry point to working as a professional in the studio or at live events. 25 Carrick has placed our students in positions with production companies like Hearcorp.

SCHEDULE & SUMMARIES

- **10/12 DJing**
Learn how Professionals DJ! We will learn about choosing the right tracks, beat matching, & song mixing to level up your DJing skills.
- **10/19 Music Production 1 (Beats on FL Studio Mobile)**
Learn the basics of making electronic/hip hop beats using software drum sequencers. This class will utilize FL Studio Mobile on iPads.
- **10/26 Music Production 2 (Song writing - Instrumental)**
Learn about songwriting. This class will focus more on writing instrumental tracks and structuring songs in FL Studio Mobile for iPad.
- **11/02 Music Production 3 (Song writing - Lyrics & Recording Vocals)**
Songwriting again, but this time focusing on writing lyrics and recording vocal tracks in FL Studio Mobile.
- **11/09 Music Recording (FL Studio Mobile)**
Recording music. We will go over the basics of choosing and using microphones, how the recording process works, and how to record our own tracks! Utilizes FL Studio Mobile for iPad.
- **11/16 Sound Design (Synthesizers & Field Recording)**
How producers make their own sounds or sample packs. It's all about synthesizing your own sounds and recording custom samples out in the world to use in music. Utilizes FL Studio Mobile for iPad.
- **11/23 Live Sound Engineering (Mixing)**
Diving into making a live show happen! Learn the basic tools of a sound engineer and how a live show gets mixed. Utilizes FL Studio Mobile.
- **11/30 Photography**
In our 8th week, we are switching it up to focus on photography! This class will cover the basics of photo composition, tips & tricks, and how you can get pro-looking photos even on a smartphone or iPad.
- **12/7 Video Production 1 (Basics, social media, video editing)**
This week we're focusing on video - editing, composition, and how to maximize the quality of your social media video content using a smartphone or iPad.
- **12/14 Live Streaming**
How musicians and artists pull off successful livestreams with tons of viewers? Well this week we will be discussing all the tech that happens behind the scenes to make it happen - video, audio, platforms, & promo!
